

## **Ray Norman Memorial Fund:**

This fund is open to all RMS members who want to take an avalanche training course. It is intended to provide funding for members who want to improve their skills in the area of avalanche awareness.

### **Guideline:**

- Applicants must provide a brief biography and give the reasons why they want to increase their avalanche awareness training. For the successful candidate, the biography will be forwarded to the family of Ray Norman (the current contact is Colin Norman at [colin.norman@cenovus.com](mailto:colin.norman@cenovus.com)).
- Applications for funding should be sent to the Chair of the Volunteer Grants Committee, who will review the applications with the Committee members. Once an application is approved by the Committee, final approval of the grant will be made by the RMS Executive Board. After the course is completed, the successful applicant must forward a copy of the course invoice to the Chair of the Volunteer Grants committee, after which a cheque will be sent to the recipient per the policy.
- Only one grant will be made per year, and the amount of grant will be limited to the cost of the course, to a maximum of \$300.
